

COURSE PROFILE

Course Name	Code	Semester	Term	Theory+PS+Lab (hour/week)	Local Credits	ECTS
International Law II	POLS 302	Spring	5	3+0+0	3	5

Prerequisites	POLS 301
----------------------	----------

Course Language	English
Course Type	Required
Course Lecturer	Staff
Course Assistant	Hakan Mehmetcik
Course Objectives	The course deals with the premises of the economic order and environmental issues followed by the legal analyses on the state responsibility in general. The subsequent sections are devoted to the peaceful settlement of disputes between states and to never ending such processes as international wars, civil wars and the right to self-determination, with a special emphasis on the means of waging war and criminal responsibility. The final arguments are organized around the legal premises of the collective security order within the general framework of the United Nations system.
Course Learning Outcomes	By the end of this course, students will be able to: <ul style="list-style-type: none"> • broaden their perspectives on legal aspects of economic and environmental issues in a global framework. • understand the general concept of state responsibility. • understand the detailed legal analyses pertaining to dispute and conflict resolution and force management and the role of the international institutions in this respect. • explain the related concepts on, and explain the nuances among international wars, civil wars and the right to self-determination.
Course Content	The territory and jurisdiction of states. International treaties. International disputes and the maintenance of law and order in international era.
